Sci-Clone

G//Z/R

You will be assimilated
Through sci-clone eyes you will see
No compromise you will be free
To realize your destiny
No sacrifice come follow meYou're not machine
You're not human
You have no thoughts
Of your own
Just a small part
Of a network
Take a number
Follow meThe future hides our history
In sterilized security
Lobotomized, dehumanized
Through sci-clone eyes you will seeAssimilate, assimilate
You're not machine
You're not human
You have no thoughts
Of your own
