

Higher Vibrations

Ziggy Marley

These city walls
Are like a prison
Why we gotta keep on living
With our backs against the wallWe are creatures of love
Victims of hate
We gotta keep on living
With our backs against the wallNo No No
Start living on a higher vibration
Now we take it to the heights of creation
Perfection of divinity
Is everyone's duty
Don't waste your time
Living for the vanities
We are creatures of faith
Victims of destiny
Which we createNow we living on a higher vibration
'Cause we take it to the heights of creationYou know what I'm talking 'bout
don't tell me no
Baby I could scream and shout
But I won't
It's a human experience
On another sphere
Well, it's a human existence
On another wavelength
Listen to me now
Now We living on a higher vibration
Then we take it to the heights of creationLet me take you little higher
And then you take me little higher
