

# Catalyst (acoustic)

[Anna Nalick](#)

L.A. lights never shine quite as bright as in the movies  
Still want to go  
There's something here  
In the way, in the way that we're constantly moving  
Reminds you of home  
So you've taken these pills  
For to fill up your soul  
And your drinking them down with cheap alcohol  
I might be inclined to be yours for the taken  
And part of this terrible mess that you're making  
But me, I'm the catalyst When you say love is a simple chemical reaction  
Can't say I agree  
'Cause my chemical, yeah, left me a beautiful disaster  
Still love's all I see So I'm taking these pills for to fill up my soul  
And I'm drinking them down with cheap alcohol  
And you'd be inclined to be mine for the taking  
You're part of this terrible mess that I'm making  
But you, you're the catalyst You'll be the vein  
You'll be the pain  
You'll be the scar  
You'll be the road, rolling below  
The wheels of a car  
And all of the thoughts, oh god  
Don't know if I'm strong enough now  
You'll be the vein  
You'll be the pain  
You'll be the  
Catalyst
