

# Last Breath

## Attack Attack!

Is this my last breath?  
Is this my last breath?  
Is this my last breath?  
Is this my last breath? I can't breathe,  
I'm choking on my own condescending words.  
Answer me  
Will you ever answer me? Aren't you gonna answer me?  
When I am crying out your name and I'm lost in shame.  
Lead me on my way,  
And give me words to say.  
(words to say) And I can't see  
That I've lost my dreams,  
Carry me, cause my heart is weak Is this my last breath?  
Is this my last breath? I can't sleep  
This world inside my head is run by my anxious thoughts  
Give me peace  
Will you bring me off my knees? Aren't you gonna answer me?  
When I am crying out your name and I'm lost in shame.  
Lead me on my way,  
And give me words to say.  
(words to say) And I can't see  
That I've lost my dreams,  
Carry me, cause my heart is weak Is this my last breath?  
Is this my last breath? I've been trying aimlessly, over
