

Dirty Dreams

Audio Magic

Well, I wake up burnin' in a soaking sweat
My pillows are drippin' and the sheets are wet
I jump out of bed and I turn on the light
This happens to me every night
Sometimes you turn into a snake with long black hair
Then you change into an angel, blonde and fair
You can turn yourself blue and I don't care
You change your look, you can change your race
But it's always your touch and always your face

Dirty dreams

How you wanna do me?

Dirty dreams

Let me get through

Dirty dreams

Ultra sense erotic movie starring me and you
Well, I close my eyes and you open your lips
There's a shock from my head to my fingertips
I fall through a hole 'cause I can't get a grip
The room starts to spin and the world starts to turn
My heart catches fire and my bed starts to burn

Dirty dreams

How you wanna do me?

Dirty dreams

Anything for you, babe

Dirty dreams

The realisticted movie starring me and you

Make my dreams come true

Shake my nights

You rattle my sleep

Roll my eyes, I'm in too deep

Dirty dreams

How you wanna do me?

Dirty dreams

Let me get through

Dirty dreams

An uncensored movie

Dirty dreams

Ohh

Dirty dreams

You really get to me
Dirty dreams
And it's meant for you
Dirty dreams
A triple x-rated movie starring me and you
Dirty, dirty, dirty
You want to be ashamed of yourself
