

123

Kathryn Calder

You're beautiful, more beautiful than the first day we met,
It's magical and I love you more each day with every breath

When I look at you, I can see forever in your eyes!

When I fell for you, you caught me like I was a falling star,
You know it's true, I wanna be with you no matter where you are,

I already knew, that we were always meant to be,

Chorus:

Oh, loving you is just like the air that I breath,

It comes to me so naturally, it's easier than 123.

Incredible, you're super women in so many ways,
Powerful, you're a vision of a what perfect is to me,

And you do it all, with a smile upon your face

And I promise you, I'll never, ever make you cry,
We'll tell the truth, we'll never ever speak one lie,

I wanna love you, until the end of time, yeah!

Chorus:

Loving you is just like the air that I breath,

It comes to me so naturally, it's easier than 123.

Loving you, it's just like a sweet melody,

It comes to me so naturally, it's easier than 123.

Loving you so easy, it comes naturally to me,

I don't even have to try, it flows effortlessly,

I knew it when i saw you that we were meant to be baby!

You're everything to me!

Chorus: (x2)

Loving you is just like a sweet melody,

It comes to me so naturally, it's easier than 123.

Loving you, it's just like the air that I breath

It comes to me so naturally, it's easier than 123.
