

Wish I Could Love You [Pimp Juice]

Mint Condition

1st verse
I think youre beautiful/ Wish I had you all the time
Always on the go/ Dating different men all the time
Always searchin for/ Somethin that you cant find
Dont know why I mess witch a/ You aint right for my mind
Wish I could love you/ Wish I could be with you
But youre always hangin out/ Always on somebodys couch
Wish I could love you/ Wish I could be with you
Youre a pimp but I could be wrong/ Always new men blowin up your phone
2nd verse
When you had a few drinks/ You slipped and called me your man
If Im your man girl/ Then why is your X in your bed
You said he was passing through/ And hes like a brother to you
I can see stayin the night/ But for 3 days I didnt get to see you.
I thought he was passing through
Wish I could love you/ Wish I could be with you
But youre always hangin out/ Always on somebodys couch
Wish I could love you/ Wish I could be with you
Youre a pimp but I could be wrong/ Always new men blowin up your phone
I wish I could love you/ Wish I could love you
But you might have that pimp juice/ Might have that pimp juice
So I cant love you
