Why

Tina Charles

Why does my heart beat this way?
Every time you walk by
It's always the same
Oh why do I tremble within?
Send a shiver through my skin
Is this how loves beginsWhy does this feeling exist
I'm unable to resist what's happening to me
Why, do I feel so alive am I being mesmerized?
By the stars in your eyesI can't stop don't wanna stop
What's going through me?
Like a kitten up a tree
Won't you come and rescue meWhy does this feeling occur
Is it something you've stirred deep within me?
Oh why do I trip on my tongue
Leave a sentence undone now I know you're the one
