

# The Great Curve

Eda Maxym

Sometimes the world has a load of questions  
Seems like the world knows nothing at all  
The world is near but it's out of reach  
Some people touch it but they can't hold on  
She is moving to describe the world  
She has messages for everyone  
She is moving by remote control  
Hands that guide her are invisible  
The world has a way of looking at people  
Sometimes we feel that the world is wrong  
She loves the world and all the people in it  
She shakes 'em up when she starts to walk  
She is only partly human being  
Divine, to define, she is moving to define, so say so, so say so  
She defines the possibilities  
Divine, to define, she is moving to define, so say so, so say so  
Holding on for an eternity  
Divine, to define, she is moving to define, so say so, so say so  
Gone, ending without finishing  
Divine, to define, she is moving to define, so say so, so say so  
World moves on a woman's hips  
World moves and it swivels and bops  
World moves on a woman's hips  
World moves and it bounces and hops  
A world of light, she's gonna open our eyes up  
A world of light, she's gonna open our eyes up  
She's gonna  
Hold it, move it  
Hold it, move it  
Hold it, move it  
Hold it, move it  
A world of light, she's gonna open our eyes up  
She is moving to describe the world  
Night must fall now darker, darker  
She has messages for everyone  
Night must fall now darker, darker  
She is moving by remote control  
Night must fall now darker, darker  
Hands that move her are invisible  
Night must fall now darker, darker  
Divine, to define, she is moving to define, so say so, so say so  
Night must fall now darker, darker  
Divine, to define, she is moving to define, so say so, so say so  
Night must fall now darker, darker

Divine, to define, she is moving to define, so say so, so say so  
Night must fall now darker, darker  
Divine, to define, she is moving to define, so say so, so say so  
Night must fall now darker, darker  
A world of light, she's gonna open our eyes up  
A world of light, she's gonna open our eyes up  
She's gonna  
Hold it, move it  
Hold it, move it  
Hold it, move it  
Hold it, move it  
A world of light, she's gonna open our eyes up  
Divine, to define, she is moving to define, so say so, so say so  
Night must fall now darker, darker  
Divine, to define, she is moving to define, so say so, so say so  
Night must fall now darker, darker  
Divine, to define, she is moving to define, so say so, so say so  
Night must fall now darker, darker
