

# Nothing Even Matters

## Big Time Rush

'Cause the world stops  
When I put my arms around you, around you, oh, woah  
And nothing even matters  
And nothing even matters It's like one for the haters and two for all of those  
Who try to shut us down, they don't really know  
There ain't nothing they can do that can tear us apart, no I don't care about the money, don't care about the  
clothes  
When we're together, baby, anything goes  
'Cause we don't even need to prove what we feel in our hearts, no This wall we built together  
There ain't no way of knocking it over  
We'll be here forever  
Getting closer and closer, baby 'Cause the world stops  
When I put my arms around you, around you, oh, woah  
And nothing even matters  
And nothing even matters They can all talk  
Say what they want about us, about us, oh, woah  
And nothing even matters, woah  
And nothing even matters It's like the sound goes off and the people all freeze  
They disappear and it's just you and me  
Anything you want to do, anything that you please, oh, woah, no Forget about our problems, forget about our  
past  
I've seen the future and I know we're gonna last  
Every second I'm with you just goes so fast, woah, oh, woah This wall we built together  
There ain't no way of knocking it over  
We'll be here forever  
That I told you, that I told you, baby 'Cause the world stops  
When I put my arms around you, around you, oh, woah  
And nothing even matters, eh  
And nothing even matters They can all talk  
Say what they want about us, about us, oh, woah  
And nothing even matters, woah  
And nothing even matters Nothing even matters, woah  
And nothing even matters, woah  
We don't even need to fight  
Everything will be alright, oh, yeah  
Nothing even matters but you and I 'Cause the world stops  
When I put my arms around you, around you, oh, woah  
And nothing even matters, nothing even matters  
And nothing even matters They can all talk

Say what they want about us, about us, oh, woah  
And nothing even matters, woah  
And nothing even matters 'Cause the world stops  
When I put my arms around you, around you, oh, woah  
And nothing even matters, nothing even matters  
And nothing even matters, baby They can all talk  
Say what they want about us, about us, oh, woah  
And nothing even matters, woah  
And nothing even matters
