

I Gotta Know

[Tim Halperin](#)

My heart is breaking and I don't know why
She just turned and looked me in the eye
And my mouth hit the floor, speech went out the door
Guess I'm back to where I started
Just one look and I knew it wasn't fair
Those big blue eyes and that long blonde hair
She could just stand still, and I'd still lose my will
To carry on without her So here I am, a mess of a man
And I don't think I'll ever understand
I'm caught up in this girl
She could change my world
She's throwing glances, I'm trying not to stare
I'd make a move, but would she even care
Bet she's heard it all before, but I can't ignore
That summer dress that she's wearing
And my friends say it's not worth a shot
I could lose my pride and that's all that I got
Still I give it a go, I've just gotta know
If I can live without her So here I am, a mess of a man
And I don't think I'll ever understand
I'm caught up in this girl
She could change my world She could change my world
Oh my world
She could change my world
So here I am, a mess of a man
And I don't think I'll ever understand
I'm caught up in this girl
She could change my world I've gotta know
If I can live without her
If I can live without her
