

Echoes of Love (2016 Remastered)

The Doobie Brothers

I hear your voice everywhere
It's echoes of love
Makin' me look back over my shoulder
Echoes of love are started all over Echoes of love keeps on haunting
I'm out of control keeps on burning
Echoes of love are out of control
Bringing back love I used to hold Darlin', since you went away
Think about you every day
So many memories
Got to get the best of me Recalling the times I used to hold you
I just wouldn't do what I was supposed to
I've done things I'd like to undo
Now darlin' it's you I'd like to run to Echoes of love keeps on haunting
I'm out of control keeps on burning
Echoes of love are out of control
Bringing back love I used to hold Echoes of love
Echoes of love
Love, echoes of love keeps on haunting
Echoes of love
Echoes of love keeps on burning
Echoes of love Echoes of love keeps on haunting
Echoes of love
Echoes of love keeps on burning
Echoes of love Echoes of love keeps on haunting
Echoes of love
Echoes of love keeps on burning
Echoes of love
Echoes of love keeps on haunting
Echoes of love
Echoes of love
