

# Inside My Room

## WATERS

It's too much, I'm done  
I had my time, it was fun  
Everything that people see, it starts to weigh on me  
So I came here for a night  
Inside my room  
But I never felt the light  
Inside my room  
Doesn't hurt, doesn't make it right  
Inside my room  
Inside my room  
We thought you could save me  
Pull me out of this dream  
I'm banging my head against the wall  
Did I get anywhere at all?  
And I'm back here for a night  
Inside my room  
And I never felt the light  
Inside my room  
Doesn't hurt, doesn't make it right  
Inside my room  
Inside my room  
And I'm back here for a night  
Inside my room  
And I never felt the light  
Inside my room  
Inside my room
