

Don't Make Fun Of Daddy's Voice

[Morrissey](#)

Long ago when he was
Young and restless
Suddenly, daddy saw
The beckoning finger of fate Don't make fun of daddy's voice
Because he can't help it
When he was a teenage boy
Something got stuck in his throat When you are young
You crave affection
And it can come
From the strangest direction Don't make fun of daddy's voice
Because he can't help it
When he was a teenage boy
Something got stuck in his throat Don't make fun of daddy's voice
Because he can't help it
When he was a teenage boy
Something got stuck in his throat No te diviertes con papi?
No te diviertes con papi?
No te diviertes con papi?
No te diviertes con papi? No te diviertes con papi?
No te diviertes con papi?
No te diviertes con papi?
No te diviertes con papi?
