

# Blame It On Me

Chrisette Michele

Sometimes you can work it out, sometimes you can't  
Sometimes you're forced to watch everything fall apart  
It's outta your hands  
Sometimes leaving is easy, sometimes it ain't  
Sometimes it hurts to know the loving you had  
Is slowly fading away  
You can say whatever you like as long as we just say goodbye  
Blame it on me, say it's my fault  
Say that I left you outside in the cold with a broken heart  
I really don't care, I ain't crying no more  
Say I'm a liar, a cheater, say anything that you want as long as it's over  
I ain't a quitter, I just ain't the type  
I tried to see you through  
I tried to make it to the finishing line  
You thought it was meant to be, I admit so did I  
Every once in a while you think you figured it out  
Sometimes you're not right  
You can say whatever you like as long as we just say goodbye  
Blame it on me, say it's my fault  
Say that I left you outside in the cold with a broken heart  
I really don't care, I ain't crying no more  
Say I'm a liar, a cheater, say anything that you want as long as it's over  
Yes, I love you but I really got to lose you  
Freedom's where I wanna be  
Yes, I'll probably always love you but I'm moving  
I gotta do this for me  
Blame it on me, say it's my fault  
Say that I left you outside in the cold with a broken heart  
I really don't care, I ain't crying no more  
Say I'm a liar, a cheater, say anything that you want  
Blame it on me, say it's my fault  
Say that I left you outside in the cold with a broken heart  
I really don't care, I ain't crying no more  
Say I'm a liar, a cheater, say anything that you want as long as it's over
