

After It All

Cat Power

After it all when it's said and done
Will you come back to me?
And tell me that it never was up to you or up to me
When you stand up so tall
With your back to me against the wall
And make demands with your angry hands
You say you're sorry that you didn't mean to scream you say
You're back again that you still love me
And that ya never meant what you said to me
Should I believe what you're telling me?
To wait for you was all I could do
To have you back with me so peacefully
You broke your back, you left your scratch
Then you came back to me just to get some sleep
After it all when it's said and done
Will you come back to me?
And tell me that it never was up to you or up to me
And tell me after all
And tell me said and done
After it all and tell me
After it all and tell me
