

A Million Miles Away

Toto

I don't want to know the reason why you don't love me
I don't want to know the reason why you don't care
I don't want to know the reason why you're leaving me
I'm not the only one that lost my love way down there - way down there I don't want to hear the reason why you
don't need me
I don't want to hear the reason why you don't stay
I don't want to hear the reason why you're seeing him
All I know is that I want you back, but you're [Chorus:] A million miles away and it's killing me inside
There's a stranger in a carriage and he's taking her out tonight
The devil's riding on a full moon and he sends his love
When I'm a million miles away I don't want to be the reason why you don't love me
And I don't want to be the reason why you don't care
I don't want to be the reason why you're leaving me
I'm not the only one that lost my love He sends his love and I'm a hundred million miles away
