

# Static (Audrey Napoleon Remix)

Colette Carr

Ah!  
When we go numb  
Ah!When we come down  
High up on this chasin'  
Hardly moving but it feels right(Fe-Fe-Fe-Feels Right)  
(Fe-Fe-Fe-Feels Right)  
(Fe-Fe-Fe-Feels Right)  
(Fe-Fe-Fe-Feels)Drift away  
The haze slows down the pulse  
Latency  
A mind of cruise control  
What you want?  
What you need?  
Well I'll give you all or nothing  
What you want?  
What you need?  
Is what I've got, trust meStatic  
Static  
Static  
Moves  
Uh!  
Static  
Static  
Stuck  
on  
You  
Static  
Static  
Moves  
Uh!  
Moves  
Uh!  
We escape  
We're lying on the moon  
Stay awake  
To see the naked truthWhat you want?  
What you need?  
Well I'll give you all or nothing  
What you want?

What you need?  
Is what I've got, trust meStatic
