See You

Hale

Time will heal all the wounds inside
Still everything is bittersweet, tell me why
The flame is burning brighter deep inside
Don't forget meCause I still see you
Underneath it all
And I'll be just fine
Holding' onI feel that you're just here a while ago
Why do I see your silhouette in every corner
A scar turned out to be a sweet downfall
Can't forget everythingFate and destiny arise once more
What's meant to be
Please let it be, Its now or never
The world has changed but i cant seem to
Makes no sense, not to meCause I still see you
Underneath it all
And I'll be just fine
Holding on
Holding on
Holding on
Holding onOh, Raise me up
Oh, Bring me down
Take me where I belong
Oh, Truth be told
Please save me now
Cause I am lost without youCause I still see you
Underneath it all
And I'll be just fine
Holding onDon't forget me
Don't forget meCause I still see you
Underneath it all
And I'll be just fine
Holding on
Holding on
Holding on
Holding on
