

High On The Flames

W.A.S.P.

Guess I've been bad all my life
Yeah I've sinned - bad all the time
I should have never learned
To play with fire - Oh, no, no

I got my front seat in hell
That my momma said I would get
And all us dirty devils there
Are high tonight

Yeah I know that I should have learned
If ya play with fire ya burn
No deposit, no return
On my life

Oh but there's a party down in flames
And I got no time to waste
No I ain't feeling no pain
Too high to die

Oh, I'm getting - high on the flames
Oh, I'm gonna - ride on the flames
Oh, I'm getting - high on the flames
Oh, tonight
Too high to die
