

Cocaine

Spalding Rockwell

Single that I am jinglin' it has got that jingle jingle
Baby that I am jinglin' it has got that jingle jingle
Single that I am jinglin' it has got that jingle jingle

 All I wanna do

 Has got that jingle jingle

 Flock to me baby, you rock me and I'm ready

 Lay your head back, in that way you keep it steady

 Seeing all white, all night bring it to me baby

 Got that hard ice on. That way, you keep it steady

 Single that I got is locked

I got the trigger finger cocked and I'm ready to rock

 I got the jingle jingle drop cause this single is hot

I got the trigger finger cocked and I'm ready to rock

I got the jingle jingle drop cause this single is locked

 (in background during above line) All I wanna do

I got the trigger finger locked and I'm ready to rock

I got the jingle jingle nod on the single I got the jingle jingle to slide on what I really like, I'm the only one you
 want

 (in background during above line) All I wanna do

 All I wanna do

 And you give it to me

 All I wanna do

 All I wanna do

 And you give it to me

 All I wanna do

 And you give, give it

 Single that I got is locked

I got the trigger finger cocked and I'm ready to rock

 I got the jingle jingle drop cause this single is hot

I got the trigger finger cocked and I'm ready to rock

I got the jingle jingle drop cause this single is locked

I got the trigger finger cocked and I'm ready to rock

I got the jingle jingle nod on the single I got the jingle jingle to slide on what I really like, I'm the only one you
 want

 All I wanna do

 And you give it to me

 All I wanna do

 And you give it to me

 All I wanna do

And you give it to me
All I wanna do
And you give it to me
All I wanna do
And you give it to me
All I wanna
And and you give it to me
All I wanna do
And you give it to me
All I wanna do
And you give it to me
Dyin' and I'm never retirin'
Shatter the record for blowing time
And you give it to me
Dyin' and I'm never retirin'
Shatter the record for blowing time
And you give it to me
Dyin' and I'm never retirin'
I'm doing lines
Shatter the record for blowing time
I keep you satisfied
Dyin' and I'm never retirin'
I'm doing lines
Shatter the record for blowing time
I keep you satisfied
