

# World Changers

Matthew West

In a world full of dirt, you're a diamond  
In a world full of hurt, you're smiling  
In the darkest dark, you're shining  
Shining like a shooting star  
You live your life like you're here on a mission  
Yeah, you're not afraid of being different  
You hear the doubters, but you don't listen  
'Cause you know who you are  
Yeah, you know who you are

This is to all the world changers  
Keep walking on, don't you ever  
Lose that fire in your soul  
Lose that fire in your soul  
This is to all the world changers  
You know you are history makers  
This world's never gonna change you  
You're gonna change  
You're gonna change  
The world (yeah)  
The world

In the face of fear, you're fearless  
You don't care about being famous  
And the world may never know your name but  
The world will never be the same 'cause  
From the ends of the earth to your hometown  
To the lost, to the hurt, to the broke down  
You're the arms wide open  
A love that's showing every one of us the way now  
Yeah yeah yeah

This is to all the world changers  
Keep walking on, don't you ever  
Lose that fire in your soul  
Lose that fire in your soul  
This is to all the world changers  
You know you are history makers  
This world's never gonna change you

You're gonna change  
You're gonna change  
The world (yeah)  
The world (You're gonna change the world)

Keep on fighting the fight  
Keep on running the race  
Keep on winning the crown  
Keep on keeping the faith  
Keep on leading with love  
Keep on standing your ground  
Don't you ever give up

You give it all, you give it all  
And when you're knocked to the ground, you don't stay down  
You get up, you get up  
And you fight another day  
You're a hero unsung  
But the world knows a hero when it sees one

This is to all the world changers  
Keep walking on, don't you ever  
Lose that fire in your soul  
Lose that fire in your soul  
This is to all the world changers  
You know you are history makers  
This world's never gonna change you  
You're gonna change  
You're gonna change  
The world (yeah)  
The world (You're gonna change the world)  
The world (yeah)  
The world (You're gonna change the world)  
The world (yeah)  
The world (You're gonna change the world)

Keep on fighting the fight  
Keep on running the race  
Keep on winning the crown  
Keep on keeping the faith  
Keep on leading with love  
Keep on standing your ground  
Don't you ever give up
