The Rise Of Darkness

Immortal

The rising moon so bleak and old
Its darkened grin poisons my soul
Mist pledges the darkness in my home
I ride this night, lustful with prideThe lurking mist appears out here
Breaths of evil fire through the snow
This cloudless night smells of fear
Keep my soul dark and coldThe rise of darkness in my sight
Black forces bound to the moon
Deep shadows creep under my skin
Smell of fear, darkness is hereAll evil lurk under bleak skies
Undead and restless are their souls
Hatred lust aligned by the signs
Blackened night, darkness riseBurning eyes watching upon me
From the dark haunting side
Caught between mighty winds
Kingdom of evil findDemonic in this realm
I haunt marked by the sign
Caught between mighty wind
Kingdom of evil findFrom the woods I see the rise of darkness
In its deeps I'm on the other side
From the woods I see the rise of darkness
In its craft I'm on the other side[Incomprehensible]
