Janelle MonÃje

Looking up the corner of her eye  
And she seats alone and drinks her wine  
Very man just wants to pass her by  
And hopes that he can catch her eye

Pre-Chorus:

That glow it's in her eye  
Did your visions in your mind just from another states in time  
That's when you know you're hypnotized,  
And her intoxicating will not be denied.

Oh, and when you touch her glow  
She didn't become your drug  
You found some deep in love that girl.

Chorus:

It's too late, you're hypnotized,  
She's got Dorothy Dandridge Eyes  
And you love her, you love her, you're loving girl.  
It's too late, you're hypnotized,  
She's got Dorothy Dandridge Eyes  
And you love her, you love that girl.

And I go .. so no more name,  
That kind of view that study everything  
Every woman once is grace and style  
But no one who can replicate her smile

That glow it's in her eye  
Did your visions in your mind just from another states in time  
That's when you know you're hypnotized,

She didn't become your drug  
You found some deep in love that girl.

In your eyes we see the tiny .. mountains  
The purple blows distant stars, the blue shine reflect mirror
