Spend the Night

Star Horse

Baby, come and play and lay
And stay with me, girlfriend, I'll change your life
Spend the night with me, we'll talk and chill
And watch TV, she said, "Sure you're right"
Some girls says I'm the cutest, others says that I'm the rudest
Meditate like a Buddhist, expose 'em like a nudist
I'm Jesus, they Judas, my diamonds, the bluest
Got the answers, they clueless, Ashanti, Foolish
I'm with a stewardess, mami say a flight attendant
Called her a stupid bitch, sorry, nah, I might have meant it
See I'm type that meant it, 4 mill', I might have spent it
But I got it back, right back yeah, yeah, my life is splendid
Me and mami drinkin', drinkin' till the point she earl
I'm 'bout too swearl the world, world, wanna join me, girl?
The clothes from Italy, the coke from Sicily
I'm talkin' literally, come on now, stop kiddin' me
I don't kid at all, I get it all, get rid of it all
Come and stay with me, oh, where I live? The mall
Back to bank, the dealership, and the rim shop
You know him, slim, before Mims I've been hot
Baby, come and play and lay
And stay with me, girlfriend, I'll change your life
Spend the night with me, we'll talk and chill
And watch TV, she said, "Sure you're right"
Yo, Miami listenin' to Brisco, I get it cookin' like Crisco
From Chi-Town back to Frisco, my diamonds like a disco
Mami, what the hell you ride? You know what the hell I like
A hood bitch, stretch marks, BBB, cellulite
Baby, we need each other, don't wanna meet your mother
My mouth is like the sewer, yeah, yeah, I keep it gutter
I sell hot peas and butter, don't wanna see you suffer
Nigga like me wouldn't meet another
You clogged up, I be your plumber
Shorty, like Dr?no, you know how the game go
Different colored cars, our garage a rainbow
I'm the leprechaun, but I sell methadone
Marijuan, heroine, ten year run marathon
My hood like Lebanon, but that is Benetton
You up in sumin' fly, I got my weapon on

We get our chefin' on, chefin' on everyday
I got the cookie cutter, mami, the pepper spray
Baby, come and play and lay
And stay with me, girlfriend, I'll change your life
Spend the night with me, we'll talk and chill
And watch TV, she said, "Sure you're right"
Come kiss it, come kiss it, come kiss it, come kiss it
Come kiss it, come kiss it, come kiss it, come kiss it
(Sure you're right)
Come get it, come get it, come get it, come get it
Come get it, come get it, come get it, come get it
Uhh, let's gets this guacamole, you feelin' hot, then hold me
You had your guard up at first like a soccer goalie
If I got it, you get it, baby, I get it, you got it
Let's hit the Pacific, terrific, I'm feelin' melodic
'Cause you lookin' exotic, now you gettin' erotic
Like you straight from the tropics, wanna shoot it and cock it
Not the blama, baby girl, I'm talkin' sumin' else
All she do is look and say, "Cam, you sumin' else"
Listen love, I ain't the one that get lovey dovey
But you lookin' good, you ever need a hubby lovely
You got to love me, shots of bubbly
Get your mouth wet, you the outlet, got to plug me
Baby, come and play and lay
And stay with me, girlfriend, I'll change your life
Spend the night with me, we'll talk and chill
And watch TV, she said, "Sure you're right"
Come kiss it, come kiss it, come kiss it, come kiss it
Come kiss it, come kiss it, come kiss it, come kiss it
Come get it, come get it, come get it, come get it
Come get it, come get it, come get it, come get it
(Come on, come on)
