

I Can't Leave You Alone

[George McCrae](#)

Baby, it happens when you're close to me
My heart starts beating, hey, a strong beat Oh, I can't leave you alone, can't leave you alone
Oh, I can't leave you alone, can't leave you alone
That's why I keep holdin' on, keep holdin' on
Keep holdin' on, keep holdin' on Oh darling, I can't resist your love, your love
'Cause honey, I love you, I love you much, too much Oh, I can't leave you alone, can't leave you alone
Oh, I can't leave you alone, can't leave you alone
That's why I keep holdin' on, keep holdin' on
Keep holdin' on, keep holdin' on Oh, I can't leave you alone, can't leave you alone
Oh, I can't leave you alone, can't leave you alone
Can't leave you, no, can't leave you alone
Can't leave you, no, can't leave you alone
Can't leave you, no, can't leave you alone
Can't leave you, no, can't leave you alone
Can't leave you, no, can't leave you alone
