

# Sing It All Away

## Walk Off the Earth

Oh oh oh

Sing it all away, sing it all away my darlings I know a place that will take you away

Your troubles no longer remain from the day

I found a love there it's hard to escape

It cures me at night, but it hurts when I wake There's no judge and the jury's at bay

'Cause this is our house where melodies play

If worries still linger my friends and I say

Top up your cup and let's sing it all away Oh oh oh

Sing it all away, sing it all away my darlings

Oh oh oh

Sing it all away, sing it all away and I'll carry you home

Oh oh oh... Sometimes people say don't burn your life away

But they don't hear this song it's just a holiday

From the go go go go I say no no no worries

Here let's all just sway top up your cup

Let's sing it all away Oh oh oh

Sing it all away, sing it all away my darlings

Oh oh oh

Sing it all away, sing it all away and I'll carry you home

Oh oh oh... carry you home

Oh oh oh... The last call sounds, bartender says it loud

Just one more round before they kick us out

If you fall down I'll meet you on the ground

No worries here, let's all just sway top up your cup

Let's sing it all away Oh oh oh

Sing it all away, sing it all away my darlings Oh oh oh

Sing it all away, sing it all away my darlings

Oh oh oh

Sing it all away, sing it all away and I'll carry you home

Oh oh oh

And I'll carry you home

Oh oh oh

And I'll carry you home

Oh oh oh...

And I'll carry you home

Just one more round

I'll carry you home

If you fall down When worries still linger my friends and I say

Top up your cup and let's sing it all away
