Cold Heart

Jr Disco

Oh girl, why you wanna play with my emotions?
'Causin' a commotion, I think about you all of the time
You know it's vicious, looking so delicious
Then you tell me he's suspicious, so I got to get you off of my mindDon't try to cry to me, girl, I tried to tell you before
You made your bed and now you're gonna have to lie in it
I like the way that you move but I've got to watch what I do
If I ain't careful I might be the one who's playin' the foolBaby, you got a cold, cold heart but a, a warm touch
Always gets you what you wanted, ooh yeah
I just can't get enough of this kind of dangerous love
I'll keep your number but I know you got a cold, cold heartCold heart, cold heart, cold heart
Girl, you got a cold, cold heart
Cold heart, cold heart, cold heart
Girl, you got a cold heartYou tell me that you wanna be my baby
Heaven, help me 'cause I love to have you every night
But I would be crazy callin' you my lady
When I see your love is shady and I know I'd be the next one in lineBaby, you got a cold, cold heart but a, a warm touch
Always gets you what you wanted, ooh yeah
I just can't get enough of this kind of dangerous love
I'll keep your number but I know you got a cold, cold heartBaby, you got a cold, cold heart but a, a warm touch
Always gets you what you wanted, ooh yeah
I just can't get enough of this kind of dangerous love
I'll keep your number but I know you got a cold, cold heartGirl, it's a shame, your love is a game
But I can see right through your disguise, oh
You can never be mine, oh mine, oh mine, yeah
Oh, oh, oh, all mine baby, you can never be mineCold heart, cold heart
Cold heart, cold, cold heart
Cold heart, girl, you got a cold, cold heartBaby, you got a cold, cold heart but a, a warm touch
Always gets you what you wanted
I just can't get enough of this kind of dangerous love
I'll keep your number but I know you got a cold, cold heartBaby, you got a cold, cold heart but a, a warm touch
Always gets you what you wanted
I just can't get enough of this kind of dangerous love
I'll keep your number but I know you got a cold, cold heartCold heart, oh yeah, cold heart, cold heart
Girl, you're so cold in your heart, yeah
I know you got a cold, cold heart
Yes, you do
