

# Whoa Oh Me vs Everyone

## Forever the Sickest Kids

I candy-coat and cover everything  
But I'm still hiding underneath  
It's been a long time,  
It's been a long time  
A thousand faces looking up at me  
Hands all pointing to the ceiling  
Oh what a feeling I've got friends in highly low places  
I'm standing on post, and im posted up  
Cant afford to lose them  
I've got friends and highly low places  
I'll go inside when I wanna party  
Grab a girl and dance (don't touch me)[Chorus]  
Whoa oh Whoa oh Whoa oh,  
Why do I put myself in these situations  
Whoa oh Whoa oh Whoa oh,  
I keep pushing myself even though  
I can't take it at all, whoa Girl, who taught you how to move like that?  
At this pace you're at you're moving way too fast  
I, I saw you from across the room  
It's me vs. every guy  
It's your choice, you choose I've got friends in highly low places  
It's been a long time it's been a long time  
And maybe baby you can rise above the rest to meet me[Chorus: x2] You're worth,  
Losing my self esteem  
Your clever words mean  
Nothing more to me than  
Than a line I heard in a movie  
You're worth,  
Losing my losing my losing my self esteem  
You're not worth,  
Putting myself in these situations[Chorus: x2]
