

More Ways Than One

Peter Frampton

I knew I was in trouble when I saw you for the first time
'Cause you're a little bit different, you're driving me wild
I'm gonna make you love me even if it takes a lifetime
Let me in and I'll show you the power
You gotta let me in and I'll show you the way
The way it could be, can't you see
I believe there are more ways than one
Any door can be opened
I believe there are more ways than one
And time holds the key till you belong to me
You say you want a man that's got a reputation
Yeah a real cool dresser who can take you in style
Well if you want a love that's real not a cheap imitation
Let me in and I'll show you the power
You gotta let me in and I'll show you the way
The way it could be, can't you see
I believe there are more ways than one
Any door can be opened
I believe there are more ways than one
And time holds the key till you belong to me
Now I can only stand so much
Why can I look but never touch
You know I'm only flesh and bone
Don't wait too long to come around
I might be nowhere to be found
And you'll be standing all alone
I believe there are more ways than one
Any door can be opened, let me in
I believe there are more ways than one
And the time holds the key
I believe there are more ways than one
Any door can be opened, let me in
I believe there are more ways than one
And the time holds the key till you belong to me
