

# Then There Was You

[Matt Kennon](#)

Ooh, ooh, ooh

I been waiting for a fairy tale  
One that I could call my own  
Life used to get so lonely  
Until you came along  
I was always living for the moment  
Nobody knows what the future holds  
And then there was you  
Yeah, yeah

Someone to share all my worries  
When it gets too much on my own  
When I'm lost without courage  
You're that someone who keeps me strong  
You helped me get to my dreams  
And you're still beside me when I wake up  
Can't wait to wake up  
Ooh

This house ain't a home  
Without you  
My body ain't got no soul  
And I doubt you even know  
And my heart won't be without you  
Just when I thought  
None of my dreams would come true  
Then there was you

(Oh you, oh you, oh you)  
Then there was you  
(Oh you)

No matter what the situation  
You always see the best in me  
Never had any expectation but  
This is everything love should be  
I was searching for missing pieces  
To make my life complete and  
Then there was you

Oh yeah

Someone to share all my worries  
When it gets too much on my own  
When I'm lost without courage  
You're that someone who keeps me strong  
You helped me get to my dreams  
And you're still beside me when I wake up  
I can't wait to wake up  
Oh, oh

This house ain't a home  
Without you  
My body ain't got no soul  
And I doubt you even know  
And my heart won't be without you  
Just when I thought  
None of my dreams would come true  
Then there was you

This house ain't a home  
Without you  
My body ain't got no soul  
And I doubt you even know  
And my heart won't be without you  
Just when I thought  
None of my dreams would come true  
Then there was you

For you I would go to the end of the earth  
Walk a million miles  
Just to be where you were  
Cos you are my reason for breathing  
It's all because of you  
Oh

This house ain't a home  
Without you  
My body ain't got no soul  
And I doubt you even know  
And my heart won't be without you  
Just when I thought  
None of my dreams would come true  
(Come true)

Then there was you

This house ain't a home  
(This house ain't a home)

Without you

My body ain't go no soul  
And I doubt you even know  
And my heart won't be without you  
Just when I thought  
None of my dreams would come true  
(Then there was you)  
Then there was you

(Oh you, oh you, oh you)

Then there was you

(Oh you, oh you, oh you)

Then there was you

(Oh you, oh you, oh you)

Then there was you

Then there was you, oh oh

Then there was you

You came along, oh
