## Settle the Score

Let's go out on the town tonight  
My pockets are heavy with loot  
    And get drunk and blasted  
    And loud in your dress of blue  
I've been living from hand to mouth  
    It must be three or four weeks  
    And I can tell you one thing, Jack  
    You listen when your stomach speaks  
    I feel good just like I knew that I would  
And all on account of that wine that I bought today  
And I'm smiling so sweet at every little girl that I meet  
Some fools will try to tell you it's a sin to feel this way  
    It feels so funny having all of this money  
    I think I feel like dancing the night away  
    I think I feel like dancing the night away  
    I got me this long legged girl  
    To help me to spend my dough  
    Her heart as big as your mama's stove  
    And her body like Brigitte Bardot  
    I'm all ready for some rock n' roll  
    With the guitar turned up loud  
    And the fancy footwork  
    And the drunk down, drugged up crowd  
    I feel good just like I knew that I would  
And all on account of that wine that I bought today  
And I'm smiling so sweet at every little girl that I meet  
And some fools will try to tell you it's a sin to feel this way  
    It feels so funny having all of this money  
    I think I feel like dancing the night away  
    I think I feel like dancing the night away  
    I think I feel like dancing the night away
