November

Doyle Bramhall II

Oh I wish I could go back again
For a moment, easy this unforgiving pain
So many tears sometimes I just can't breathe
But those days are now gone for goodI remember
When we use to laugh together
Playing songs that would move us 'til the sun broke out
Take me back
November came
With a bittersweet melody
Oh it opened up my heart and showed me how to start
To love againI wish I could have seen past the lies I told myself
And I'd let you know how much you mean to me
So please don't go before hearing me sayAlways remember
When we'd laugh and sing together
All the songs that would move when nothing else could
Take me back
Oh November came
With a bittersweet melody
You opened up my heart and showed me how to start
To love again, love againTake me back
Oh lord can you hear me
No you're love was not in vain
Oh lord can you feel me
No you're love was not in vain
No you're love was not in vain
No you're love was not in vainI can hear you say, the smile in your eyes
If you want to keep it gotta give it away
On and on and ever after, love, gotta give it awayAlways remember
When we use to sing together
Playing music all night, 'til the sun came up
Take me back
November came
With a bittersweet melody
You opened up my heart and showed me how to start to love againTake me back
Oh lord can you hear me
No you're love was not in vain
Oh lord can you feel me
No you're love was not in vain
No you're love was not in vain

No you're love was not in vain
