

Your Shadow

Waterdown

I'll be your shadow
In the morning when you awake
And I'll be your shadow
When at night you will go back to bed But sometimes still we'll have to leave
Lay down the weapons then and see
You cannot wipe this off your shoulder
You cannot wipe this off of your shoulder But sometimes still we'll have to leave
Lay down the weapons then and see
You cannot wipe this off your shoulder
You cannot wipe this off your shoulder
You cannot wipe this off your shoulder
You cannot wipe this off of your shoulder I'll be your shadow
I'll be your shadow
In the morning when you awake
And I'll be your shadow
When at night you will go back to bed
