

# You Won't Forget About Me

**Dannii Minogue**

Our first and last summer together  
We shared the passion till the end  
I found a friend I will remember  
I'll never feel the same again  
(now that's its over)Living the dream  
I'm Breathing in deep  
let it go (now that it's over)  
It's good to know, yeah it's good to know that[Chorus]  
You won't forget about me  
As long as you live, as long as you live  
You won't forget about me  
I promise you this  
As long you liveYou won't forget about me  
As long as you live, as long as you live  
You won't forget about me  
I promise you this  
As long you liveI hear the music over and over  
The memories play on and on  
I'm living this dream  
I'm breathing in deep  
Then I hear you say  
As you drift away  
That it's good to know, it's good to know that[Chorus]  
You won't forget about me  
As long as you live, as long as you live  
You won't forget about me  
I promise you this  
As long you liveYou won't forget about me  
As long as you live, as long as you live  
You won't forget about me  
I promise you this  
As long you liveI'm living the dream  
When I'm breathing in deep  
Want it all on repeat  
Play it on and on  
'cause' it's good to know that[Chorus]  
You won't forget about me  
As long as you live, as long as you live  
You won't forget about me

I promise you this  
As long you live You won't forget about me  
As long as you live, as long as you live  
You won't forget about me  
I promise you this  
As long you live
