

# Only When I Love (Re-Recorded)

Holly Dunn

Most the time,  
I don't ever hurt about you,  
I do fine without you,  
Most the time,  
I don't long to have you with me,  
You're memory doesn't get me,  
The only time that you still break my heart,  
Is when I'm in somebody else's arms [Chorus]  
Only when I love,  
Do I think about us and what we lost,  
And could've had together,  
Only when I hold someone new,  
Who could never be you, I realize,  
What's gone forever No one else,  
Has ever touched me like you touched me,  
Or loved me like you loved me,  
When I forget,  
I'm reminded when I try to,  
Find another like you,  
I only ache for the way we felt,  
When I'm reachin' out to someone else, [Chorus] Only when I love,  
Do I think about us and what we lost,  
And could've had together,  
Only when I hold someone new,  
Who could never be you, I realize  
What's gone forever,
