

# Don't You Wish You Had the Answers

[Keith Green](#)

Look out your window, see the earth  
Where did it come from, who gave it birth  
Where did it come from, where will it go, where will it go?  
Don't you wish you had the answers, well, I know See how the rain falls, who made the sky?  
It's never ending, and you wonder why  
Where did it come from, where will it go, where will it go?  
Don't you wish you had the answers, well I know Just look out past the stars, look to the one who put them there  
He, He made them all, and He gave them to us to share  
Yes He made them all, and He's gonna take them all back someday Don't you just wonder, what lies ahead?  
There's peace in knowing, what Jesus said  
Where did you come from? Where will you go, where will you go?  
Don't you wish you had the answers?  
Don't you wish you had the answers?  
Don't you wish you had the answers?  
Well, I know
