What I'd Do

Buxton

I'm on the outside looking in
Baby how your hair flows in the wind
Twenty-seven years baby where have you been?
Now and I loved you then
Come on baby we can run a
Hiding in the back of a pickup truck
Call a brother Johnie can I call him Joe?
Oh man just my luckWhat I'd do?
What I'd do?
Baby you're just a lonely boy who's waiting on you
Baby you're just a lonely boy who's trying to get through
And it's like oohComing down the hall what do I see?
A pretty little girl come to rescue me
She says you've got the heart but I've got the key
Oh man well ain't that sweetWhat I'd do?
What I'd do?
Baby you're just a lonely boy who's waiting on you
Baby you're just a lonely boy who's trying to get through
And it's like ooh
