

# She Told On Herself

T.k. Soul

She kept on talkin? till she told it all, she kept on talking (x2)

I pulled into my driveway, and walked into my home,  
Heard my wife laughing and talking, in the bedroom, on the phone,  
I guess she was too busy talking, cuse? ya?ll she didn?t hear me come in,  
I thought I heard her say, ?girl I got to get away, with another man.?

But she just kept on talkin? till she told on herself,  
She kept on talkin? till she told it all, she kept on talking (x2)

I just stood there and listened, ooh ya?ll I was so surprised,  
Couldn?t believe just what I was hearin?, coming from my wife,  
They say that love is so blind ya?ll, oh I swear I could not see,  
Wha-I had thought, the love of my life, would ever do this to me,

But she just kept on talkin? till she told on herself,  
She kept on talkin? till she told it all, she kept on talking (x2)

I had to get it together, cuse? I was about to catch a case  
Ooh dis dirty woman that cheated, and lying straight to my face,  
I still didn?t want to believe it, although I had heard it myself,  
Maybe what I thought that I heard ya?ll, was all about somebody else,

But she just kept on talkin? till she told on herself,  
She kept on talkin? till she told it all, she kept on talking (x4)  
(she told it) (x4)

She kept on talkin? till she told it all, she kept on talking (x4)  
(she told it) (x4)
