

Future Lovers (Album Version)

Madonna

Spoken:

I'm gonna tell you about love

Let's forget your life

Forget your problems

Administration, bills, and loans

Come with me

In the evidence of its brilliance

In the evidence of its brilliance

In the evidence of its brilliance

In the evidence of its brillianceSpoken:

In the demonstration of this evidence

Some call it religion

This is not a coincidence

Would you like to try?

Connect to the sky

Future lovers ride

Their ambitions high

Would you like to try?

Let me be your guide

Put aside your pride

Future lovers hide love inside their eyes

In the evidence of its brilliance

In the evidence of its brilliance

In the evidence of its brilliance

In the evidence of its brilliance

Love controlled by time

Future lovers shine for eternity

In a world that's free

Put away your past

That will never last

If you're holding on to a dream that's gone

I'm gonna tell you about love

Would you like to try?

In the evidence of its brilliance

In the evidence of its brilliance

In the evidence of its brilliance

In the evidence of its brilliance

There's no love like the future love

Come with meConnect to the sky

Future lovers ride, Their ambitions high
Would you like to try?
Connect to the sky
Future lovers ride, Their ambitions high
Would you like to try?
(In the evidence of its brilliance) (repeat)
Connect to the sky
Future lovers ride, Their ambitions high
Would you like to try?
Brilliance?
Brilliance?
Brilliance?
Brilliance?
In the evidence of its brilliance
