What Is Love

Darin

Tonight is the best night of my life
And when I'm at the club it feels so right
Girls beside me lookin' fly and so do I
Can't deny
Put in my jacket and step in to the dance
Tonights is not about romance
I can't even feel the floor
Feel so highGirls are lookin' over
To find a lover
But tonight, what is love[Chorus:]
What is love
When your body's so crazy
When you move your hips and
Your body's so lazy
Pretty people on the dance floor
Come on baby one time give me some more
What Is love
Beats drummin' through, you like
Girls watching boys watching girls
And how they go
That's so sweet but not for me
Tonight is the night I want to feel free!Cuz tonight is the last night of my life
Yet I see no end in sight
Have another dance, I think I might
The club has a natural vibe
A girl comes over around 19
She talks so sweet but not for me
(not tonight)
I ain't here to find a girl
That's not in my planGirls are lookin' over
To find a lover
But tonight, what is love[Chorus]
What is love
When your body's so crazy
When you move your hips and
Your body's so lazy
Pretty people on the dance floor
Come on baby one time give me some more
What Is love

Beats drummin' through, you like
Girls watching boys watching girls
And how they go
That's so sweet but not for me
Tonight is the night I want to feel free!I am sure everyone of us
Feels like this sometimes
Just wanna dance right here
And keep my love right in the air
No disrespect to you girls this night is mine
What is love[Chorus]
What is love
When your body's so crazy
When you move your hips and
Your body's so lazy
Pretty people on the dance floor
Come on baby one time give me some more
What Is love
Beats drummin' through, you like
Girls watching boys watching girls
And how they go
That's so sweet but not for me
Tonight is the night I want to feel free!(what is love)
(what is love)
Yeah, yeah
(what is love)
(what is love)
(what is love)
(what is love)
What is it (what is love)
(what is love) what is it
(what is love)
(what is love) oohoo
(what is love)
(what is love)
That's so sweet but not for me
Tonight is the night I want to feel free!
(what is love)
