

Mesopotamia

Dale Earnhardt Jr. Jr.

Most of it's meaningless
If even that
Most of it's meaningless
Let's go backMesopotamia, you hide under the stars
It's the vastness that's so daunting
I'm so different, I hide under the stairs
It's the reason for my wanderingIf it's me or if it's you
Doesn't matter what we do
We end up a couple lives in thisEncyclopedia
If even that
Encyclopedia
Let's go back
Mesopotamia, you know where things have been
It's the reason that I called you
Life so different, or maybe not at all
I guess we're always wonderingIf it's me or if it's you
Doesn't matter what we do
We end up a couple lives in thisEncyclopedia
If even that
Encyclopedia
Let's go backWaking life and sleeping death
You lived way beyond your breath
I wed you and you're a drag
I am me and you are you
Now to paraphrase what we do
We are more than what's defined in this
Encyclopedia
It can't hold that
Encyclopedia
It can't hold facts
Encyclopedia
It can't define that
Encyclopedia
It can't hold that
In all the madness
That falls flat
It doesn't leave us
It can't define that
Encyclopedia

It can't hold that

Encyclopedia

It can't define that
