Could It Be

Christy Carlson Romano

I Know we've been friends forever
But now I think I'm feeling something new
And after all this time I opened up my eyes
Noe I see you were always with me[Chorus]
Could it be you & I
Never imagined
Could it be suddenly I'm fallin' for you
Could it be you were right here beside me and I never knew
Could it be that its true
Its you and its youIts kinda funny you were always here
But who would ever thought we'd end up here
And every time I need you you've been there for me
Now its clear I've been waiting for you[Chorus]'Cause today is the start of the rest of our lives
I can see it in your eyes
And its real and its true
Its just me and you
Could it be that its you[Chorus]
