

# Kiss the Sky (feat. Wyclef Jean) [Lophiile Remix]

## The Knocks

Poppin' knockin', when I met you  
Shorty had the long extensions  
Told her I'm a bad man  
But I only got the best intentions  
Rougher tougher, not a bluffer  
I want you to be my lover,  
We don't have to take it undercover  
Just under the cover  
Bells are ringing, people singing  
Rice is throwing, flowers bringing  
Tingalingaling  
The honeymoon is when we going in  
And I'll take you to a place  
That you didn't even know exist  
What's your wish, dinner at the Eiffel Tower in ParisShawty's in the biz for partying  
Turn into the crib is partying  
Never seen my baby coming  
Just one hit and we went up  
My love a tripping  
Now I feel my body drifting  
Here we go, she got the lifting  
Am I addicted?She's so fly  
Excuse her while she kiss the sky  
Excuse her while she kiss the sky  
She's so high  
Excuse her while she kiss the sky  
Excuse her while she kiss the skyJaws droppin' when she walking  
Kind of thing that happen often  
More than just a little  
I be shitting on the city block  
The ladies gives what she wait  
See that's not the end of here  
Fresher we fall yeah, pour money in the air  
'Cause I be with my lady, all the girls they wanna hate her  
It comes with the territory,  
Ball players wanna date her  
All we got is royalty, I'm treating you like royalty  
Imma spoil you everyday of the weekShawty's in the biz for partying  
Turn into the crib is partying
