For You

Rae Morris

[Verse 1]
When the door shuts, bolted, I'm thrown out of the way
The girl who borrowed someone, I'm the night without the day!
& when the week moves onwards, it's ruthless and it's gray
Like this girl who once held someone & was caught along the way[Chorus][Verse 2]
And when I'm brought forth, stranded, I'm broken, I am grazed
From a choice, a second class one, you are the livin' proof of phase
And when your swollen heart, teased, fickle n' insane
Makes the call to me yo someone, you are the meanin' of my name[Chorus][Bridge]
To make that call fo' someone
To show them all you've got
To make that call fo' someone
To show them all you've got
And oh when your only love has gone, slipped away
Oh, when your only love has gone, slip away
In the night befo' we sleep, the day is ours for us to keep
And in the night you say to me, say a prayer, say a prayer for me Rae
To make that call fo' someone
To show them all you've got
To make that call fo' someone
To show them all you've got[Chorus]
