Mr. Lover, Mr. Lover, Mr. Lover  
Uh, uh, well, sugar heres another one and another day  
Move to this, let me see you jump and twist  
Pump your fist cause you know its hard to resist  
As long you know youre rollin with the love specialist  
Feel the pow, let me put the groove in your hips  
The night is young, so lets go roll with the fun  
You got some gum, check it out, gimme some  
Cause Im about to play an old girl like a drum  
She shack attack, poor soul settle down  
Girl, what you gon do with all that body?  
(Shake it up all night)  
Careful with that thing before you hurt somebody  
(Tell me what you like)
