

You Caught Me At A Bad Time

[Toby Keith](#)

I don't need this conversation
'Cause I don't need to see you cry
You need one more confirmation
Like I need one more reason why I know this might not be the answer
Oh, that you came here to get
We both know that girl is somethin'
That I'm still not over yet I can't go on using you
Girl, it feels like I'm losin' you
A love like yours is hard to find
But you caught me at a bad time I knew that you'd be waiting
The night I made that desperate call
You weren't everything I needed
Just the softest place to fall So I'm not gonna lie to you
Just keep stringing you along
Thought by now that I'd be better
But I guess I'm not that strong And I can't go on using you
Oh, it feels like I'm losin' you
A love like yours is hard to find
You've caught me at a bad time A love like yours is hard to find
You've caught me at a bad time
