

# Just a Friend

Toni Romiti

You said she's just a friend and I believed you  
but now she's in our bed, i can't believe you  
I can't believe you would do this to me, you would do this to meChorus:  
You said she's just a friend and i believed you  
but now she's in our bed, i can't believe you  
I can't believe you would do this to me, you would do this to me, i can't believe, i believed all those lies you  
told me.Verse 1:On my way home  
I called you up, I called you up  
Didn't think you were home  
But when I pulled up, i saw your truck  
Wait a minute, whose car is this?  
Wait a minute, I'm super pissed  
I don't recall buying a Lexus (No)Ima tear this bitch right down  
If you got a bitch in my house  
ima bout to start the countdown  
5, 4, open the door likeChorus:You said she's just a friend and i believed you  
but now she's in our bed, i can't believe you  
I can't believe you would do this to me, you would do this to me, i can't believe, i believed all those lies you  
told me.Verse 2:Don't stop now  
The dirt is already done  
How could you be so foul?  
I swear I thought you were the one  
I'm looking in your eyes  
You looking all surprised  
Cause I'm holding this knife  
Ima show you what crazy look like  
Do you want it fast or slow?  
I need to know right now  
Call the popo cause it's about to go down  
You said that she was just a friend  
But when I walked in, y'all both naked oh nooChorus:You said she's just a friend and i believed you  
but now she's in our bed, i can't believe you  
I can't believe you would do this to me, you would do this to me, i can't believe, i believed all those lies you  
told me.
