Headstrong

Soundtrack

I'm a straight-up kinda girl, I am
I'm a telling it like it is, I am
And that's just the kinda girl I am
Head up, hands up, tell me
You're a honey kinda boy, you are
You're a talented kinda boy, you are
And that's just the kinda boy you are
Head up, hands up, these are
Headstrong, crazy days
When your mind's made up and the music plays
Headstrong, can you feel the beat?
Melt down, can you feel the heat?
Melt down, it's not a crush
In a hot hot room, we're in a rush
Headstrong, can you feel the beat?
Melt down, can you feel the heat?
Gonna feel alive tonight, I am
I'm a positive kind of girl, I am
Leave my troubles behind tonight, I am
Stand up, get up, tell me
Are you gon' be down with me? You are
Yeah, you're coming along with me, you are
'Cause that's just the kinda guy you are
Stand up, get up, these are
Headstrong, crazy days
When your mind's made up and the music plays
Headstrong, can you feel the beat?
Melt down, can you feel the heat?
Melt down, it's not a crush
In a hot hot room, we're in a rush
Headstrong, can you feel the beat?
Melt down, can you feel the heat?
Headstrong, melt down
Headstrong, melt down
I want to know you
I want to show you
I got the stuff now
Didn't you get enough?
Step to the rhythm

Make the decisions
These are the days
We're living, loving, feel alive
Feels so alive
And we feel alive tonight, we are
We are stepping into the light, we are
Leave our troubles behind tonight, we are
Stand up, get up, these are
Headstrong, crazy days
When your mind's made up and the music plays
Headstrong, can you feel the beat?
Melt down, can you feel the heat?
Melt down, it's not a crush
In a hot hot room, we're in a rush
Headstrong, can you feel the beat?
Melt down, can you feel the heat?
Headstrong, melt down
Headstrong
Headstrong, can you feel the beat?
Melt down
Melt down, can you feel the heat?
Headstrong, melt down
Headstrong
Headstrong, can you feel the beat?
Melt down
Melt down, can you feel the heat?
