Shadowless

Wintersleep

On the way outside, on the way outside you were
Wide awake, wide awake so sure
You were right, you were right all alongWho deserves, who deserves your love?
Who are you hiding it for?
Who are, who are, who are, who are, who are, who are, who are?
Who are you hiding it for?
Who are, who are, who are, who are Who are, who are, who are, who areYou're at the lies
Another one, another one, so sure
Who preserves, who preserves your love?
Ah-ah-ah-ah-ah
Who deserves, who deserves your love?
Ah-ah-ah-ah-ah
Who are you hiding it for who are,
who are, who are, who are,
Who are, who are, who are?
Who are? Who are you hiding it for?
Who are, who are, who are, who are,
Who are, who are, who are? Who are?And it's shadowless, it's shadowless coming in inside of you and I'm coming in, I'm coming in, coming in inside of you
It's shadowless, it's shadowless coming in inside of you
And I'm coming in, I'm shadowless, coming in inside of you You are wrong It's shadowless, it's shadowless, I'm coming in, I'm coming in It's shadowless, it's shadowless, I'm coming in, I'm coming in.
